

WITH THE BIG LEAGUERS

(Special to The Times-Dispatch.)
Marlin, Tex., March 14.—In spite of the driving tactics of Manager McGraw, which several players admit leaves them but scant energy for anything save dinner and bed, the entire Giants' delegation visited the local theatre to-night to see Louis Mann's company play. Mann had previously watched a part of the day's game between the regulars and the Colts, resulting in a 10 to 9 decision for the regulars, and he was extremely anxious to have the McGrawites tackle his team, picked from the theatrical company. Owing to the impossibility of securing a special train, the unique contest could not be pulled off.

To-day's game was another swat-fest. The Colts had a little better batting eye than the older team, getting 15 hits to 11 for the regulars. The box score showed a total of three home runs, two triples and three doubles. Cooper was the individual star of the occasion, being credited with four hits out of five times up.

Snodgrass reported at the training camp to-night, and will accompany the Colts to San Antonio to-morrow for the place of McCormick. Fletcher also went with the recruits as captain, and Manager White Artie Shafer will be taken to Austin with the team that is to play the local team of that city. Governor Colquitt will receive the entire team just before the game, as it was at his earnest solicitation that McGraw arranged the game.

Taft Will See Game.
(Special to The Times-Dispatch.)
Augusta, Ga., March 14.—Unless there is a remarkable change in the prevailing variety of weather, the game between Manager Dahlgren's team and Ty Cobb's All-Georgians, which has been set for Saturday, will have to be called off. It rained all day to-day, and none of the players could find enough dry ground to park to permit tossing the ball about.

With the arrival of Pitcher Stack last night, Dahlgren's staff of twirlers is complete except for Kent and Kneizer. These men are expected soon.

If it is found necessary to postpone the game with Cobb's team, the contest will be pulled off Monday afternoon. Former President Taft, who is here with his family, as well as a large number of the tourist guests of the hotels, will occupy seats in the grandstand.

Big Leaguers Saved in South.
(Special to The Times-Dispatch.)
San Francisco, Cal., March 14.—The White Sox firsts succeeded in trimming the Seals, 5 to 2, to-day, but Manager Callahan spent many nervous moments before the game was over. A

double play by Weaver, Rath and Barton in the ninth saved the big leaguers from a tied score and perhaps ultimate defeat. It left Zimmerman on third with the ball, and he would have tied. Flame Delhi and Clarence Smith battled for four rounds, and neither hit nor run was cleaned off either. But it must be admitted Flame outpitched Clarence. Thomas solved Delhi, and the Sox mauled him severely. After Lange relieved Weaver's boot in the eighth trouble started. It saved Thomas, and a passed ball moved him to second, whence he outpitched in Mundorf's double. Mundorf stole and came home on McCarr's hit.

Jersey Skeeters Win Game.
(Special to The Times-Dispatch.)
Hamilton, Bernum March 14.—With the assistance of Jack Knight, a one-time Yankee, the Jersey Skeeters won to-day's game by the close margin of one run, tying a ninth inning finish the International League battle, pitched ahead of the Yanks and won, 4 to 3. Knight, in the seventh, doubled with a man on first—hence the result.

A brilliant first inning, Maine, pitching for the Jerseys, attended down and showed real form for four innings. In the first, however, Derrick straightened out one of his curves for a triple, scoring three runs. Though the Skeeters were badly "off color" in their defense, they simply outplayed the New York delegation and were entitled to the decision. Davis, who relieved Maine in the fifth, pitched ten batters in the five innings he held forth.

Brutal Bunting for Regulars.
(Special to The Times-Dispatch.)
Tampa, Fla., March 14.—The Cub Yankigans gave the main team a brutal showing to-day, winning 5 to 0. Smith and Thence, for the youngsters, had the goods. They let the regulars down with six stinging hits, and but one man reached third. The victors saved eleven hits off Paynter, Sutcliffe and Powell, besides stealing many bases.

Short Batting Practice.
(Special to The Times-Dispatch.)
March 14.—Jupiter Pluvius got in another busy morning here to-day, and the best Boston Nationals could do was theorize in the lecture room this forenoon. In the afternoon the thirty-one players invaded the drill grounds of the University of Georgia after the rain had ceased and held a short batting practice, while the catchers warmed the pitchers up.

Every player in camp now has signed his contract, and those who have seen Boston train in the South the past years say that Stallings has the best organization that ever opened the season at Boston Nationals.

WELLS KNOCKED OUT BY GUNBOAT SMITH

TEAMS TIE WITH FIVE EVENTS EACH

Oxford and Cambridge in Their Fiftieth Annual Athletic Meet at London.

London, March 14.—Oxford and Cambridge tied with five events each in their fiftieth annual athletic meeting at Queens Club, London, to-day. Oxford won the weight-putting, hammer-throwing, high jump, one mile and three miles, while Cambridge carried off the 100-yard, quarter-mile, half-mile, 120 yards hurdles and broad jump.

Cambridge, however, made the best showing. H. S. O. Ashington made a new interspersed record of 22 feet 5.34 inches for the broad jump.

It was only owing to the assistance of the American star, Will A. Ziegler, who won the hammer-throwing and the weight-putting, improving his previous records, that Oxford was able to tie.

Another American, Rhodes scholar, H. R. Stolz, of Leland Stanford, took second for Oxford in the broad jump, while E. P. Fabbie, of Chicago, was third in the hammer-throwing, and C. McCormack, of Chicago, was third in the weight-putting.

POINT-TO-POINT RACES ON APRIL 5

(Special to The Times-Dispatch.)
Warrenton, Va., March 14.—The annual point-to-point races of the Warrenton Hunt Club will take place on the regular course at Clifton Farm on April 5. This event, which is of great interest socially and always attended by many prominent lovers of sport from Washington, Baltimore, Philadelphia and New York, not to mention the state and Richmond, closes the hunting season for the hunt clubs in this section of the State.

British Champion Falls in Second Round Before California Heavyweight.

New York, March 14.—Gunboat Smith, the California heavyweight, defeated the British champion, Wells, in the second round of a scheduled ten-round bout at Madison Square Garden here to-night.

A knock on the point of the jaw was the blow that finally put the British champion out, after he had weakened under punishment.

Wells had all the better of the first round, jabbing his left repeatedly to Smith's face and cleverly blocking Gunboat's attempt to counter, a hard left hook, followed with a left and right to the wind, puzzling Smith. He made wild attempts to land, missing several swings, while Wells got in lefts and rights to the face and a right uppercut on the neck. Smith was wild throughout the round, only succeeding in landing a couple of lefts on the face.

Wells came out of his corner for the second round smiling and confident. Smith rushed at him, landing a hard right in the stomach. Smith rushed again, hooking his left to the head and landing a right overhand swing to the jaw.

Wells went down for a count of five, and got up dazed. Smith was right on top of him, hooking left and right, and with a left hook to the jaw and a right swing to the back of the head sent Wells down again for a count of nine.

Wells struggled to his feet, but was hardly able to raise his hands in defense, while Smith rushed at him, full to the point of the jaw, sending Wells down and out.

While Wells was on the floor for a count of six the bell rang, ending the round, but he still lay helpless. He had to be carried to his corner, and it was nearly ten minutes before he was able to leave the ring, and then he had to be assisted.

The result was a complete surprise, as after the first round the majority of the onlookers thought that Wells would win easily. He outpointed and outboxed Smith, and decided that no one thought that the Californian had more than a chance for a lucky victory.

Wells weighed 192 and Smith 182½.

HARVARD WINS DEBATE.
Gets Unanimous Decision or Judges Over Princeton.
Princeton, N. J., March 14.—Harvard defeated Princeton at Princeton to-night in one debate of the triangular affair, held simultaneously between Yale, Harvard and

NEW STAR OF CUBS

HEINIE ZIMMERMAN.
Tampa, Fla., March 14.—The way Heinie Zimmerman, his husky third baseman, has been working out in the practice games here, has caused Manager Johnny Evers to predict that the hard-hitting Bronx boy will be just as big a star in the eyes of the Chicago fans as Joe Judge and Frank Chance were in the days gone by. Zimmerman's ability as a switch-hitter is already known, for he led the National League in batting in 1912. He has been jamming the pill harder and of-fer than ever this spring, and his fielding has been of the sort that brings tears of joy to the eyes of the hard-hearted Evers.

Princeton at Princeton. New Haven and Cambridge. The winning team supported the affirmative side of the question, "Resolved, That the United States government should exempt our coastwise trade from the decision, because of the absolute equality of the arguments in their estimation. President John Grier Hibben presided, and the judges were: Otto T. Barnard, of New York City; Prof. Jacob H. Hollander, of Johns Hopkins University, of Baltimore; and Prof. Robert C. McTea, of the University of Pennsylvania.

PATHS OF BOXERS WILL CROSS TO-DAY

Knockout Brown and Bud Anderson Scheduled for Twenty-Round Bout.

(Special to The Times-Dispatch.)
Los Angeles, Cal., March 14.—Knockout Brown of New York and Bud Anderson, of Medford, Oregon, have followed widely separated trails during their ring experience, but to-morrow their roads cross at the Vernon arena in a scheduled twenty-round bout, the winner of which will have Joe Rivers as his opponent. Anderson finished his training yesterday. Brown knocked out work to-day without having his manager, Dan Morgan, pass on his condition. Morgan was expected this morning, but did not arrive until late to-night. Despite the absence of his manager, Brown was able to throw himself into splendid shape, and will enter the ring in really better condition than when he met and was defeated by Rivers in the same ring on Washington's birthday.

"I will show you a knockout as I ever was," declared Kayo to-night. Rivers caught me a lucky punch, but I will be on my guard this time, and I hope to win before the twentieth round."

Only a few small wagers were made as the result of the fight. Brown and Anderson maintain his favoritism, the odds being ten to eight.

Premiere McCarey has arranged a good preliminary card of four bouts of four rounds each. Brown and Anderson will enter the ring for the main go at 3:15.

JAMES RIVER IS RISING.

Precipitation at Lynchburg Thursday Night.
(Special to The Times-Dispatch.)
Lynchburg, Va., March 14.—Lynchburg not only experienced the first thunderstorm of the year last night, but the precipitation which fell during the night was the heaviest of the year. As a result the James River is rising to-day, having risen five feet during the night. This morning there was a stage of 7.2 feet on the observation gauge, and the rise was gradual.

The total rain last night was 2.18 inches, the total in the rain up to the observation this morning being 2.53 inches.

There was a rather severe thunderstorm before midnight, and several others during the early morning hours, the last being about 6 o'clock this morning. The first storm of this character experienced here last year was on February 25, lasting seven days earlier than this season.

ELMIRA NEWS PLANT BURNS

Fire That Menaces Business Section Destroys \$250,000 in Property.
Elmira, N. Y., March 14.—Fire, which originated from a gasoline explosion in a garage, destroyed property worth \$250,000 here during the night. The whole business section of the city was menaced until the flames were under control early to-day.

The burned buildings include the four-story plant of the Elmira Telegraph, the Knights of Columbus Home, the Amuse Theatre and several business blocks. There were no casualties.

GENERAL OJEDA DEFYING ATTACK

With Handful of Men, Federal Commander Must Face 1,500 State Troops.

WILL FIGHT TO THE LAST

Preparations Made for Desperate Battle Which Is Expected To-Day.

Naco, Ariz., March 14.—With the remnants of the Federal garrisons of Northern Sonora—no more than 500 men—General Ojeda to-night is defying attack from more than 1,500 state troops. At Naco, Sonora, which is just over the line, preparations are under way for the expected assault in the morning.

"We will fight," declared the Federal commander, as he gave orders for immediate preparation late to-day. Trenches were dug near and fortifications built on a hill commanding the approach to the town. The customs house and post-office equipment were rushed to the American side, and the railway company moved over all equipment.

With the men of the Agua Prieta garrison and refugee troops defeated at Nacozari and El Tigre, Ojeda must confront 1,500 constitutionalists, moving against Naco in three divisions and eager to occupy the only remaining port on the Arizona border. Naco is a subordinate port to Nogales, located between Nogales and Agua Prieta. It is the terminal of the branch of the Southern Pacific of Mexico, which runs from Naco southwest to the mining centers of Cananea and Del Rio, and northwest again to Nogales, where it connects with the Sonora road.

Later to-day, Ojeda, with eighty men, reconnoitered to locate the enemy. The state troops under Colonels Calles and Brancante, from Agua Prieta, were reported within only nine miles of the border port. Ojeda expects assistance from Cananea, where a Federal garrison of 200 or 300 men is located, but the state troops have permitted state troops to enter the mining town, and so far have not moved to the assistance of their superior commander at Naco.

Bliss Is Commended.

(Special to The Times-Dispatch.)
Washington, March 14.—Major-General Wood and the officers of his staff commended highly the prompt action of General Tasker H. Bliss in placing a sufficient number of troops in the vicinity of Nogales to stop the fighting between the warring Mexican factions. Several days ago Secretary of War Garrison suggested that General Bliss withdraw a sufficient distance from the border to avoid any chance of clashes with the Mexicans. Wood was flashed back that this was not advisable, and on his own responsibility General Bliss sent three troops of cavalry to Nogales. As a result the American general was enabled to make a show of force yesterday morning, when he ordered the Sonora troops and Federal cavalry to cease firing and they obeyed.

Reports to the State Department to-day tell that the Federalists who were beaten at Nogales crossed over into the United States and were disarmed in accordance with international practice. The reports also show that one American soldier and one American boy were wounded.

General Bliss reports that he has started on a general tour of inspection to decide whether the Navy department that two of the four battle-ships now stationed on the east coast of Mexico shall be kept there when the Atlantic fleet sails from Guantanamo for Chesapeake Bay next week. Rear-Admiral Fletcher or Rear-Admiral Usher will be left to command the ships, whose stay will depend upon conditions in Mexico. On the way up the coast the fleet will include in a war game. The ships are due in the Chesapeake Bay March 22, and after a Sunday rest will proceed to target practice. Secretary Daniels expects to witness the tests.

Two Ships to Remain.
Washington, March 14.—It has been practically decided that the Navy department that two of the four battle-ships now stationed on the east coast of Mexico shall be kept there when the Atlantic fleet sails from Guantanamo for Chesapeake Bay next week. Rear-Admiral Fletcher or Rear-Admiral Usher will be left to command the ships, whose stay will depend upon conditions in Mexico. On the way up the coast the fleet will include in a war game. The ships are due in the Chesapeake Bay March 22, and after a Sunday rest will proceed to target practice. Secretary Daniels expects to witness the tests.

Rebel Leader Submits.
Mexico City, March 14.—Ambassador Wilson said this morning that President Huerta had stated to him last night the rebel leader Genovevo de la O had finally signed papers submitting to the government, and had agreed to accept all his men. De la O is next to Zapata in importance this is considered a great step toward the pacification of the south. The President expects soon to get a definite report on how Zapata stands.

ARRESTED IN NEW YORK.

Youth Wanted on Charge of Stealing from the Post Office.
(Special to The Times-Dispatch.)
New York, March 14.—Despite the fact that he denies being the A. J. Jackson who is wanted by the Washington police, charged with stealing \$50,000 from the post office, a youth who lives here to-night while in company with Miss Edith Carlson, an actress, and is being held at the police station, pending further advice from Washington.

Several days ago the New York police were asked to look out for twenty-year-old A. J. Stevens, of Washington, who was charged by his mother with appropriating some of her cash for his own use. The only additional information given was that he was a member of the A. J. Jackson.

No More at These Prices After To-night, Order To-day and You Get Made to Order

\$20 SUITS \$10
\$30 SUITS \$15
\$40 SUITS \$20

All made in NEW, UP-TO-DATE STYLES and GUARANTEED to fit. Every yard of winter goods to be closed out. IT'S THE LAST DAY OF THE BIG HALF-PRICE SALE.

But you MUST order to-day if you want them. How can you miss it? All the splendid suit-ends left, \$6, \$7, \$8, TROUSERS, \$3.50.

Morton C. Stout & Co.
TAILORS 714 EAST MAIN ST.

VACCINATION ORDERED.

Farmville Authorities Take Precautions Against Smallpox.
(Special to The Times-Dispatch.)
Farmville, Va., March 14.—The Council of Farmville has ordered everybody in the corporation to be vaccinated. This is not because there is smallpox in town, but reported nearby cases.

Two divisions of the Farmville cemetery, in place of A. C. Moore, who has held the position for several years. The cemetery is under the exclusive control of the town council. The Council at its last meeting appropriated \$30 for the needs of the summer service, which will open in July and continue for one month.

AGED NEGRO FOUND DEAD.

Probably Killed in Fall From Trestle—Railroad Traffic Blocked.
(Special to The Times-Dispatch.)
Rocky Mount, N. C., March 14.—An aged negro named Israel Battle was yesterday morning found dead beneath the bridge of the Atlantic Coast Line Railway at Tar River, a mile from the city, the attempt made by Section Master Batchelor. There was a hole in the top of the skull. The body was lying partly in the water and had evidently been dead for some hours. The old man had been in the city the previous night to attend church services, and was last seen about 11 o'clock when he stated that he was going back to his home in the country. He was found by a patrolman who crossed the railroad bridge in the dark he found the body.

The jury returned a verdict of death by accident.

Two divisions of the Atlantic Coast Line Railroad were tied up for several hours yesterday morning as the result of an axle on the engine of a southbound passenger train breaking. The accident occurred at Conover, N. C., where the tracks of the Wilmington and Fayetteville divisions meet, and the engine was thrown across the tracks so that both divisions were blocked. No one was injured, but it was nearly noon when the tracks were cleared for traffic.

The plans for the exercises upon the formal opening of the new house of worship of the congregation of the First Baptist Church here this week are elaborate, and will bring to Rocky Mount for several days some of the leading ministers of the denomination in the State. The exercises will extend through three days—Friday, Saturday and Sunday—there being services on each of the first two evenings and three on Sunday.

Among the former pastors of the charge here who will be present and make address, and other leaders, will be Rev. C. Braxton, of Raleigh, N. C., the immediate predecessor of the present pastor, Dr. L. M. Mercer; Rev. M. L. Keeler, superintendent of the Baptist Orphan Asylum at Thomasville, N. C.; Rev. Walter M. Johnson, of Raleigh, N. C.; Rev. J. D. Huffman, now living at Mebane one of the oldest ministers of the denomination in North Carolina, and the leaser in the work in Eastern North Carolina.

BELIEVE IN PEOPLE OF U. S.

British Shipping Interests Act on Panama Canal Issue.
London, March 14.—A resolution expressing confidence in the sense of justice of the government and the people of the United States to secure recognition of the British claim for equality of treatment of the ships of all nations using the Panama Canal was adopted unanimously by the British Chamber of Shipping during its annual session in London to-day.

The resolution also said that in default of this recognition being obtained by diplomatic means, the chamber welcomed former President Taft's declaration in favor of arbitration as an assurance that in the last resort a friendly settlement would be reached.

ANOTHER BLOW FOR PLAN OF LOVETT

Railroad Commission Will Sanction It, but Only on Conditions.

(Special to The Times-Dispatch.)
San Francisco, Cal., March 14.—The Lovett plan for the dissolution of the Union Pacific and Southern Pacific merger was given another blow this afternoon by the railroad commissioners.

While deciding that if the Attorney-General of the United States and the United States Circuit Court at St. Louis insist on the sale or lease of the Central Pacific lines in California to the Union Pacific, the commission says that it will sanction such a sale or lease, still this sanction is only conditional. The Union, Central and Southern Pacific companies, if they have made or intend to make, any traffic agreements among themselves must grant equal rights to other transcontinental companies entering California.

The decision is a hard one for Judge Lovett, who, in his telegram of yesterday, insisted that the lease or sale must be unconditional.

No formal order was entered by the commission. The ruling came in the form of a telegram from Attorney-General McReynolds, who is in St. Louis. It was a definition of the policy of the commission.

The next move is up to Judge Lovett and the Attorney-General. They can accept the ruling of the commission if they desire and proceed with the Union merger, but as to the lines in California, the commission insists on the ground it previously assumed. It is that the Benicia cut-off must be open, and that the tracks must be open on equal terms to all roads.

Plan Not Approved.

Washington, March 14.—Attorney-General McReynolds received a dispatch from Judge Lovett to-day saying that the Southern Pacific committee is on its way to St. Louis to file with the court to-morrow a new plan for the dissolution of the Southern Pacific merger.

The only change in the plans recently submitted to the court by former Attorney-General Wickham relates to trackage facilities for the Union Pacific to enter California. This has satisfied the California Railroad Commission, and its objections will be waived.

Although Mr. McReynolds has an idea of the new plan, he has not had time to closely examine it. He therefore, wired District Attorney Houts at St. Louis to impress on the court that the government has not approved the plan submitted. The filing of the plan was permitted to enable the Union Pacific to hold the underwriters to their proposition and enable them to save a forfeit of \$1,500,000.

Mr. McReynolds would not state the government's attitude respecting the plan.

Car Hits Buggy.
A buggy, owned and driven by V. Hechler, of 1331 North Twenty-fifth Street, was badly damaged yesterday morning at 2:30 o'clock when it was hit by a Broad and Main Street car at Twentieth and Broad Streets.

THROWS PAINT POT THROUGH WINDOW

Militant Suffragette Scatters Fluid Over Eloor and Desks of Home Office.

(Special Cable to The Times-Dispatch.)
London, March 14.—Marjorie Master, school teacher and militant suffragette, threw a pot of green paint through a window of the Home Office to-day, scattering the liquid over several desks and the floor in the bureau. She was immediately arrested.

Many windows at the Home Office have been broken by the suffragettes, but this is the most extreme measure yet used by the women in attacking that bureau.

Watch Kept on Reservoir.
(Special Cable to The Times-Dispatch.)
London, March 14.—The police of London believe that the militant suffragettes have attempted to carry their revolutionary method out to the point of disabling the 3,000,000 gallon reservoir at Chingford. The reservoir supplies half of London. A woman, said the police to be connected with the militant suffrage force, was arrested to-night while hidden in a recess of the works. She was immediately arrested.

King George is to attend the formal opening of the reservoir to-morrow. Experts have been at work throughout the night seeking to ascertain whether or not pollution had undermined or damaged the machinery or waterways of the new system.

WILL BE EXAMINED AS TO HIS SANITY

Man Who Attacked Mrs. Buck-out Says He Is Ordered by Heaven to Kill Wilson.

(Special to The Times-Dispatch.)
New York, March 14.—Vincenzo Borrelli, who attacked Mrs. Carrie Buckout, the ticket agent in the Lincoln Park Station, at Yorkers, in a war of a war, was arraigned in court to-day and remanded for examination as to his sanity.

A strange action caused the judge to summon Borrelli, a witness, and Borrelli whispered to the doctor not to tell anything about the case, or the order by Heaven to kill President Wilson.

OBSTRUCTED TRACKS

Seventeen-Year-Old Boy Alleged to Have Put Spikes on R. F. & P. Rails.
Mason Luck, seventeen years old, of 604 North Twenty-third Street, was arrested last night by Patrolman Williams on a warrant charging him with placing obstructions on the tracks of the Richmond, Fredericksburg and Potomac Railroad at Canal and Belvidere Streets. The boy was taken to the station, where he was sworn out by A. F. Cannaday, a railroad detective, upon information supplied by John B. Stone, a watchman at Belvidere and Canal. The prisoner denied the charge and said that at the time when he is alleged to have put spikes on the tracks he was at work and could prove it. A similar charge against another boy, now being sought has been made.

Officials of the road have lately been greatly disturbed by finding obstructions on the tracks, which, it is alleged, are sufficient to derail a train and apt to cause a serious wreck. Not long ago the father of a small boy was summoned to Police Court because the child persisted in playing about the tracks and putting bolts and spikes on them.
